For the Best Improvement Idea There Is \$20 in Gold.

Many Excellent Suggestions Have Already Been Received.

Brocklynites are certainly interested in their city. They are responding in a proper prit to THE EVENING WORLD'S request fo suggrations that may benefit them by imoving the cly and adding to its beauties R has been said by one contributor that many the suggested improvements have really tres provided for by law, but the law is a and letter. So much more desirable tha the improvements should be suggested and resuggested in order that the ethargic condition of the administration may a disturbed and the authorities aroused to the necessity of doing something for the people whose servants they are. THE EVEN-ING WORLD will present a GOLD DOUBLE EAGLE to the person who makes the best suggestion in this regard. All suggestions are lim on words and must be addressed to Buook-LYN IMPROVEMENT EDITOR, THE EVENING World, Post-Office Box 2,854, New York. These are some of the suggestions received

sublic Library and Art Gallery C. H. V .- A public library and art gallery would help the City of Churches wonderfully Sprinkle the Streets.

JENE and MAY-We might have the street sprinkled once in a while to keep the dust where it belongs, Electric Street Lighting. BROOKLTNITE-We would suggest a better

way of lighting the streets of our large and beautiful city. Why not by electricity? Rap d transit and sewers.

THOMAS McManus, Maujer street.—I think Brooklyn needs improved rapid transit and a letter sewer system than it has.

A Quartet of Suggestions. H W Deverys 305 Sackett street. I sug rest 1st, a few water-towers which we need tery much : 2d, do away with that nuisance to the public, the cream of tartar works on Ninth street near the causi; also close up the canal; 3d, collect ashes at night instead of day time; 4th, let the Park Commissioners make a new entrance to Prospect Park at Kinth street and Kinth avenue, which would improve that section very much.

These Are by a Lady. 8.-I suggest more intelligent men to hold Mice than we have now; fewer liquor salcons oruin our youth; no young girls parading our streets at night; clean streets and les reckiess driving; no bad literature corrupt-ing the minds of young men and boys, creat-ing gambling, low ideas, causing their parents sorrow and disrespect; a decent waiting-room at the bridge. It is a disgrace to our city to have foreigners and strangers think that we would have such rooms.

Keen Holy the Subbath. -The greatest law-book in the world s the Bible. Let therefore Brooklyn, the City of Churches, abide by its laws. I think the best way to improve Brooklyn would be to honor the Sabbath. Let only druggists keep their stores open on Sunday. Inst is the only necessary business which need be carried on on that day. If Brooklyn, which so richly deserves the name. "The city of Churches," would observe this law, our city would be more peaceful.

A. Lubwig. 186 Halsey street .- One of the nost necessary improvements in our city point a number of men to trim the trees in the streets and give them a healthy and uni-toria appearance. This is done in all civies of Europe, and is certainly a great necessity in our city. All the suggestions I have seen, so far, are already prescribed by law. All they need is to be carried out, but my suggestion is not a law, but should be.

A Protective Lengue. BRAESIDE-I suggest a people's protective eague and headquarters supported by sut the management of delegates representing all classes of citizens and householders—every trade, industry and mercantile pursuit to act in conjunction with the press)—te hear complaints and take such action as necessary/for the exposing and suppression of all evils connected with the government of the city, and to further the enforcement of all constitutional acts that may benefit the populace.

was the finest part of the city. This stench is so great that the residents of the Tenth and Twonty-second Wards have to keep their windows closed during the warm evenings of the Summer. The best remedy that could be suggested for the health of the city would be to close it up from Hamilton avenue and run a railroad through the street to transfer the latter of the catal bused for; or close let the city dradge it out and clean it, so that the p.opic will not have to encure the smell. The city would then be 50 per cent more healthy. With the march of great hardy disease-spreading stream be allowed to tun through the centre of one of finest cities in the United states?

The reason for his hasty withdrawal is given out as a quarrel between himself and Heary Yonge, another active member. The cause, it is further stated, was Mr. Yonge's pronounced auti-Hill sentiments, as expressed in a care printed for public distribution and bearing the following leyend:

Here is what Mr. Lowell had to say this morning:

"Without the consent or knowledge of the Executive Committee Mr. Yonge issued that card. Hillism is not, as some people think, a crime like burgiary. I am opposed to that line about Hillism."

Here, also, is what Mr. Lowell said to an Evening World reporter a few days ago regarding the movement in which he was the central figure:

"Is the Democracy against Hill and his domination, is what our movement means. In order to throttle the party and all opposition, he called that notorious convention. We have at heart, and will preserve, the interests of the Democratic party. A man's party, like his religion, should elevate him. Naturally the name of Cleveland comes to our lipa. Late Dr. Sweeney.

Mrs. Kate Sweepey Declares That the Charges are Slanderous.

Mrs. Kate Henry Sweeney, widow of the late Di. James Sweeney, a well-known physician of Williamsburg and a member of the Brooklyn Board of Education, was very indignant to-day at the published reports that her late husband was a bigamist. At her home. 11 Troutman street, she said to an EVENING WORLD reporter:

"The story that Dr. Sweeney had a wife living when he married me is a lie from beginning to end. I know the doctors entire life. I have his complete history in typewritten manuscript, and I know that he never lived with any woman until he married

When the truth is proven the promoters of this slander may be sorry for what they have done." Dr. Sweeney died at his home on North

Sixth atreet Feb. 18. His funeral was one of the largest ever seen in the Eastern District.

The Board of Education had just completed handsomely prepared resolutions of condonce to be sent to the doctor's widow when the statements of a Lausingburg merchant. Charles S. Mohnes, caused them to withhold the resolutions. Mr. Mohnes, it is asid, alleges that Dr. Sweeney was married in Albany some twenty-five years ago.

One child is said to have been the fruit of that marriage, and Dr. Sweeney having left this wile shortly after the marriage the child, agirl, was adopted by Mr. Mohnes, and has grown to womanhood under his care. It is in the interests of this child that Mr. Mohnes cane to Brooklyn.

Another report has it that, while a student at the Albany Medical College, Dr. Sweeney bromed the acquisintance of a young girl whom he was forced to marry by the girl's father, after which he was shown the door.

After the war, in which he served, Dr. Sweeney settled in Williamsburg, and in 1800 was married to Miss Kate Henry, at the Church of the Visitation, Rev. Pather McCabe officialing.
